2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

This rate increase is substantially too much, we already pay a flat rate for sewage in our area no matter how many people reside at the home. This in itself is an unfair practice based upon usage. Our water pressure is considerably low and I have spoken with many neighbors concerning this and all agree upon this problem. I have had the company field personnel come to my home and look over the problem. They tell me there is nothing they can do about it and agree it is a problem for us in our area of Tega Cay. No private business enterprise would raise the costs of their goods and services this amount and expect to maintain their business. This is an attempt by a private enterprise to take advantage of the situation and force us to pay abnormally high prices for our service, because we do not have other options.

We respectfully request you prevent Tega Cay water service from doing just this and protect the citizens of Tega Cay against such a huge rate increase.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
